

150mm 18V Brushless Random Orbit Sander

Product description

Compact and powerful random orbital sander for smoothing surfaces and removing old coatings such as paint or varnish. Designed for sanding wood, metal and plastics. It will work well on the construction site, during renovations, in carpentry and mechanical workshops.

Key features:

- smooth speed control of 6000–10,000 RPM in the switch,
- 150 mm disc with a large abrasive surface guarantees effective sanding,
- Velcro fastening allows you to quickly and conveniently put on sandpaper,
- the possibility of **connecting a dust bag or vacuum cleaner** reduces dust in the workplace,
- The ergonomic anti-vibration handle improves stability and comfort of use.

Technology and durability:

- Advanced electronics optimize engine power, increasing efficiency and battery life.
- dust protection protects the engine from damage,
- The metal gear increases the wear resistance and precision of the mechanism.

System advantages:

OneAccuSystem 18V power supply ensures mobility and compatibility with the system's wide range of power tools.

Warranty:

3 years with Door to Door service – less downtime, longer tool life.

Characteristics

- Disc diameter – 150 mm.
- Rotational speed – 6,000-10,000 RPM.
- **Dust bag and vacuum cleaner adapter** included.
- Soft, non-slip handle.
- Metal housing and gear mechanism.
- Battery to be purchased separately.
- 3-year warranty, subject to device registration.
