

## PRODUCT INFORMATION SHEET

### Diagnostic Trolley 4 Shelves

#### Product description

The Högert Technik HT7G575 mobile diagnostic trolley is a professional workstation for car services, ideal for working with a laptop, diagnostic testers, meters and accessories. The sturdy construction with a black frame and blue accents ensures durability and a modern look for workshop equipment.

The stroller is distinguished by its ergonomic design: it has a top top with a pull-out shelf for a keyboard or tablet, functional shelves, a perforated wall for attaching tools and side containers for small accessories. A lockable cabinet protects valuable appliances from dust and damage, while four wheels, including two with a lock, allow for easy movement and stable positioning in the workplace.

#### Packaging & Assembly:

- Supplied as a self-assembly kit
- Compact packaging – easy transport and storage
- All elements and necessary mounting accessories included

#### Characteristics

- Top worktop with pull-out keyboard / tablet shelf;
- Practical shelves for diagnostic equipment and accessories;
- Perforated wall for hanging tools;
- Side containers for small items;
- Lockable cabinet for equipment and valuable appliances.
